

AIR PREPARATION EQUIPMENT **RELAUNCH**

FEATURES

The EXCELON® Series, IMI Norgren's premier line of filters, regulators, lubricators and accessories is available in 1/4", 3/8" and 1/2" pipe sizes. This newest line of IMI Norgren products feature a modular design that allows conventional in-line installation using pipe threads, or modular installation using the patented Quikclamp™ System. The one-piece Quikclamp™ assembly allows installation and removal of EXCELON® Units and Combination Units without breaking a pipe connection.

PERFORMANCE TESTED

The EXCELON® Series provides high flow with the accuracy you expect from IMI Norgren Products.

DURABLE, ALUMINIUM CONSTRUCTION

The 73 and 74 Series body and metal bowl are manufactured from lightweight, high strength, corrosion resistant aluminium. The 72 Series utilizes zinc, providing high strength and corrosion resistance.

A WIDE RANGE OF OPTIONS AND ACCESSORIES

The EXCELON® Series is available with a wide range of options and accessories, including wall mounting brackets, metal bowls, shut-off valves to isolate and exhaust pressure from downstream equipment and many more.

These options and accessories allow cost-efficient customizing for your specific application.
