

## 200 & 200S Series - One-Way Automatic Sealing In The Coupling

### Application

- Pneumatic tools, air piping and air pressure equipment

### Material

- 200 Series - Brass
- 200S Series -Steel (Zinc plated)

### Standard Packing Material

- Nitrile rubber

### Media

- ✓ Air

### Operating Temperature

-20°C to +80°C

### Max Working Pressure

- 200 Series - 1500kPa
- 200S Series - 2000kPa

### Note

1. 200 Series adaptors fit 200 & 290 series couplings.
2. Different sized couplings and adaptors are interchangeable.
