

TSP Coupler Series - Non-Sealing Coupling and Adaptor

Max Working Pressure

- 7350kPa

Media/Application

- Water piping, (including sea water), hydraulic equipment
- ✓ Petrol
- ✓ Fuel Oil
- ✓ Kerosene
- ✓ Water

Operating Temperature

- -20°C to +80°C (FKM -20°C to +180°C)

Material

- Brass

Standard Packing Material

- Nitrile butadiene rubber

Note

Different sized couplings and adaptors are NOT interchangeable.
